DIRECTORATE FOR ENGINEERING SCIENCES**

SUBJECT: ASTM task group for ISO technical committee on child care articles

DATE OF MEETING: 17 January 2022

PLACE OF MEETING: Virtual (teleconference)

LOG ENTRY SOURCE: Celestine Kish (ESHF)

COMMISSION ATTENDEES: Celestine Kish, ESHF and Hope Nesteruk, EXHR

NON-COMMISSION ATTENDEES: Contact ASTM for attendee list.

SUMMARY OF MEETING:

Before the technical meeting began, Ms. Nesteruk explained to the attendees that she has accepted a new position within the CPSC and therefore, will not be on this team. She explained that Ms. Kish is filling in as CPSC representative until a new employee is appointed to the position.

Jonathon Lee, ASTM Lead for ISO Child Care technical committee, provided an overview of what to expect during the ISO meetings on January 24 – 25, 2022. Mr. Lee explained that the committee is going to focus on certain chemical and mechanical requirements due to the large volume of potential work. To alleviate redundant work, they will recommend adopting certain existing standards. They will establish smaller technical working groups to keep the process moving forward. Mr. Lee explained that he and Mr. Brian Grochal will be main speaking representatives.
