ARTICLE I

STATEMENT OF WORK

A. Background Information

The mission of the U.S. Consumer Product Safety Commission (CPSC) is to provide an effective program to assure the safety of consumer products. The reporting of fatalities caused by or relating to consumer products to the Commission enables the Commission to assess the causes and magnitude of the injury problem for which it is responsible under the Consumer Product Safety Act, Public Law 92-573.

As part of its program, CPSC collects death certificates of deaths caused by or relating to consumer products from 52 state health jurisdictions in the United States. The continued receipt of death certificates will provide needed information for the ongoing study of the causes of death from consumer products and ways to prevent such deaths in the future. The collection of such data is essential to giving proper perspective to hazard analysis related to particular products and in giving trend data on product-related deaths.

As soon as the death certificates are received by CPSC's Division of Hazard and Injury Data Systems, they are scanned and coded for entry into the CPSC computer system. The original certificates are destroyed by CPSC after the data entry process is complete. Follow-up investigation of selected cases by CPSC may be conducted, but only in accordance with state health department criteria. Confidentiality of the identity of the victim is strictly observed at all times by CPSC and its representatives.

B. Objective of the Death Certificate Project

The objective of the Death Certificate Project is to provide the Commission with timely certificates of deaths caused by or related to consumer products under the jurisdiction of CPSC. The collection of such data is essential to analysis of the hazards of particular products, and in evaluating trends on product-related deaths.

C. Specifications

Independently, and not as an agent of the Government, the Contractor shall furnish all necessary personnel, materials, services, and facilities to conduct the work set forth below:

1. The Contractor shall collect and furnish to CPSC copies of all death certificates as specified in Item No. 1 (see Article IX, Delivery). These death certificates are classified under specific external cause of death codes (ICD-10 Codes), as set forth in Attachment I, for deaths occurring in the Contractor's jurisdiction between October 1, 2009 through September 30, 2010. The search for ICD-10 code will include underlying and contributing causes of death. Copies of death certificates as specified in Item No. 1 do NOT have to be certified. The Contractor shall clearly mark the underlying or contributing ICD-10 Code requested on all death certificates submitted. These codes have been selected because of the likelihood that consumer products of interest to the Commission may be involved.

2. The Contractor shall provide a copy of a computer printout identifying death certificates that meet the selection criteria contained in this contract (Item No. 2), with each group/batch (BT) of certificates submitted. The listing shall include, as a minimum, the underlying and contributing ICD-10 Codes and death certificate number, and shall cover the time period of the batch submitted.
3. Copies of death certificates, other than those specified in Attachment I, are NOT required. PAYMENT WILL ONLY BE MADE FOR THOSE CERTIFICATES WHOSE ICD-10 CODES ARE LISTED IN ATTACHMENT I.
4. The Commission will protect the confidentiality of the certificates and the information contained therein by purging the identity of victims prior to public release.

ARTICLE II

PRIVACY ACT

This contract does not require the Contractor to maintain a system of records as defined in the Privacy Act of 1974. More specifically, the Contractor is not required to, and agrees not to, maintain any system of records for or on behalf of the U.S. Consumer Product Safety Commission, in which any records or any personal data are indexed by, or retrieved by, a person's name, social security number, or any other unique identification.

ARTICLE III

PERIOD OF PERFORMANCE

Performance of work shall begin on October 1, 2009, and shall not extend beyond September 30, 2010, unless the period is extended by modification to this contract, or the latest delivery of death certificates for deaths which occurred during the effective period (October 1, 2009 through September 30, 2010), whichever is later.

ARTICLE IV

ARTICLE XIV

CENTRAL CONTRACTOR REGISTRATION (OCT. 2003)

(a) Definitions. As used in this clause-

"Central Contractor Registration (CCR) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same parent concern.

"Registered in the CCR database" means that-

- (1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database; and
 - (2) The Government has validated all mandatory data fields and has marked the record "Active."
- (b) (1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.
- (2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number--

- (i) If located within the United States, by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at <http://www.dnb.com>; or
- (ii) If located outside the United States, by contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

- (i) Company legal business.
- (ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.
- (iii) Company Physical Street Address, City, State, and ZIP Code.
- (iv) Company Mailing Address, City, State and ZIP Code (if separate from physical).
- (v) Company Telephone Number.
- (vi) Date the company was started.
- (vii) Number of employees at your location.
- (viii) Chief executive officer/key manager.
- (ix) Line of business (industry).
- (x) Company Headquarters name and address (reporting relationship within your entity).

(d) If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g) (1) (i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of Subpart 42.12 of the FAR; and (C) agree

in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

- (ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.
- (2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.
- (h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov> or by calling 1-888-227-2423, or 269-961-5757.
